

What is C-PACE?

For Property Owners

C-PACE, or Commercial Property Assessed Clean Energy, is a powerful financing tool that pays for a wide variety of energy efficiency, renewable energy, water efficiency, resiliency and stormwater management measures for new and existing buildings and real property. Property owners receive **100% fixed rate financing of hard and soft costs** from private C-PACE Capital Providers for **terms of up to 30 years**. C-PACE loans are secured by a special assessment on the real estate, which automatically transfers upon sale or foreclosure of the property. Property owners pay back the C-PACE loans directly to Capital Providers or to the local jurisdiction with assistance from the Virginia PACE Authority (VPA).

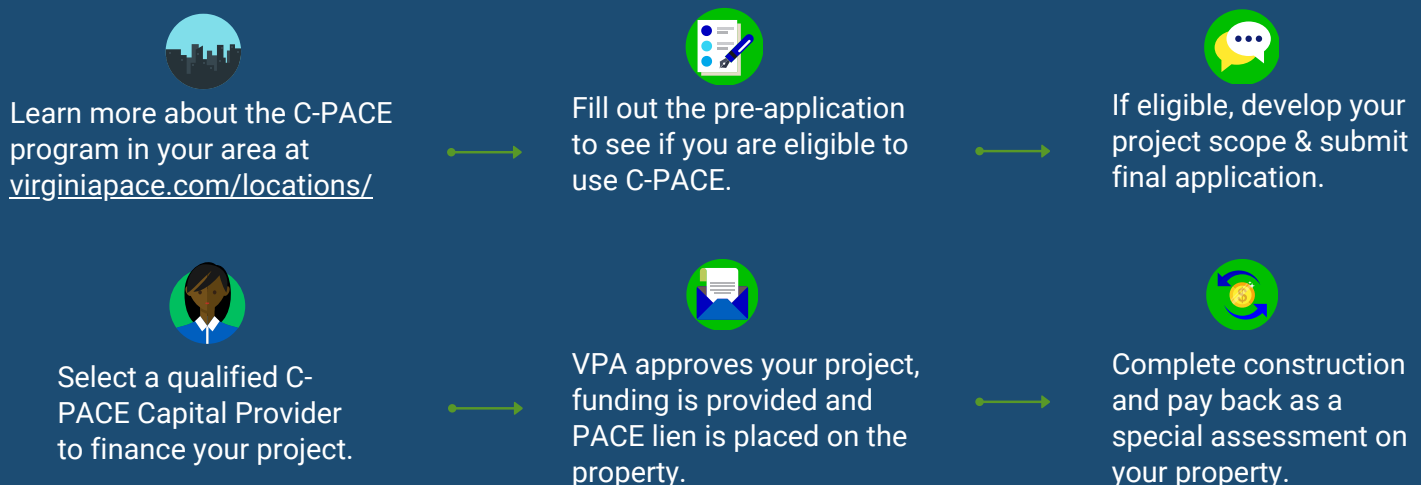

What are C-PACE benefits?

- ✓ Fixed rate financing
